A frisbee (also called a flying disc or simply a disc) is a gliding toy or sporting item that is generally plastic and roughly 20 to 25 centimetres (8 to 10 in) in diameter, generally made of plastic. It was invented in 1957 by Wham-O. The first of Gordon Woodcock's methods of interstellar travel is "go slow". Distance between stars is huge, traveling said distance slower-than-light will take a huge amount of time. All characters are presented in falling statistical order with the most commonly used characters first. Alternative forms of the characters are specified within.
